## **1. Introduction**

The Department of Computer Science and Engineering, in association with the ACM AITM Student Chapter, organized an Ideathon – Idea Pitching Presentation to encourage innovation and creative problem-solving among students.

The event provided a platform for participants to present their unique ideas, propose potential solutions to real-world problems, and demonstrate their analytical and presentation skills.

The event began with an inauguration ceremony graced by the Chief Guest and Guests of Honor, followed by team presentations and evaluation by the judging panel.

## **2. Objectives of the Event**

The key objectives of the Ideathon were:

- To promote innovative thinking and idea generation among students.
- To provide a platform for presenting and refining creative solutions to real-world challenges.
- To encourage teamwork, collaboration, and effective communication in multidisciplinary groups.
- To enhance presentation, problem-solving, and critical thinking skills.

## **3. Relevance to PO :**

The event contributed to the following Program Outcomes:

- PO9: Individual and Team Work – Ability to function effectively as a member or leader in diverse teams.
- PO10: Communication – Ability to communicate effectively through presentations and documentation.
- PO12: Life-Long Learning – Recognition of the need for continuous learning and the ability to adapt to technological advancements.

#### 4. Venue, Date and Time:

The event was conducted on 26th September 2025 at 10:30 AM in the Labs of CSE Department

#### 5. Participants:

- A total of **40 teams** participated in the event, each team comprising a maximum of 6 members.
- The participants were undergraduate students from various departments of AITM.
- The teams presented their innovative project ideas before the panel of judges.

#### 6. Ideathon Pitching and Presentation Pictures :

## 10. Conclusion :

The **Ideathon Idea Pitching Presentation** successfully served as a platform for students to showcase their innovative capabilities and problem-solving skills. The event encouraged students to think creatively, work collaboratively, and prepare for participation in the prestigious **Smart India Hackathon 2025**.

By providing this competitive environment, the event also enhanced students' communication, teamwork, and presentation abilities, aligning them with the skills required for national-level competitions.

The organizing efforts of the **ACM Student Chapter, AITM**, ensured the smooth execution of the event and provided valuable exposure to all participants.
